

Programming Committee

Engineering Leadership Council

College of Engineering

University of Nevada, Reno

Minutes for Friday, 15th of September, 2017

Scribe Appointment

The committee appointed Michael Bryant as its scribe.

Overview

The committee met to discuss two topics, a t-shirt design for the college and E-week.

T-shirt

It was decided by the committee that a competition would be held to obtain designs for the college of engineering's t-shirt. An email shall be sent out with further details on the rules of the competition. It was decided that submissions would be accepted for a month after the email was sent.

E-week

It was decided that E-week would have multiple separate events. Aside from predetermined events such as SWE's evening with industry, E-week events that were discussed were as follows: "Battle of the Clubs", "Pie-a-Professor, Pinewood Derby, Mousetrap Cars, Engineering Gameshow (in the style of Jeopardy or Family Feud), Dead Professor, and Drone "Skeeball". The events Engineering Gameshow and Drone Skeeball were to be held during a "Carnival" type event to be held in the evening. Other events would be held on yet to be determined days throughout E-week. Rules for the varying events were brought up, but still need further discussion. The committee deemed that contact needed to be made with volunteers and the proper authorities on safety before the events could be finalized.

Minutes Approval

This is the first meeting of the Programming Committee as such there are no previous meeting minutes.

Next Meeting

A time/date for the next meeting will be sent by email.
